

3rd May 2007 No. 29

K.S.P. MAY DAY

Our May Day Celebration is tomorrow Friday 4th May. Our theme for this year is 'Equality & Fairness For All'. Class projects will be presented briefly by all classes to each other in a whole-school assembly in the earlier part of the morning.

All parents / guardians are invited to come along and join us at 11.15.a.m. in our Core Curriculum presentation for the wider school community. This takes place out doors at the front of the school. Sun protection is advisable given the current weather, as the children will be sitting out for this half hour or so.

Refreshments will follow and the **school will close at 12.10.p.m.** – to re-open on **Tuesday 8th May.**

Visitors are reminded that the front gates will be closed all morning so there will be no access to the Turning Circle. We ask drivers to park safely and courteously in the vicinity of the school – taking special care not to park across entrances of neighbours' houses.

Educate Together A.G.M.

Tomorrow might be a good day to pop into the office and volunteer to help out on **Saturday 26th May**, at the E.T. A.G.M. which will be hosted by K.S.P. this year. We require a number of volunteers who would be willing to assist on the day, on a rota basis. Jobs include setting up the Hall and classrooms, meeting and greeting delegates, registration, car parking and serving food, tea, coffee, etc. Please give your name to Jane if you feel you could contribute some of your time on the day.

SCHOOL PLANNING

Part of the process of In-Service Training for the Revised Curriculum involves drawing up School Plans in the various subject areas. K.S.P. plans in Social, Personal, Health Education (S.P.H.E.), and Learning Support have by now been completed and approved by the Board of Management. Parents interested in reading either of the above may call to the office. (Work is ongoing in other Curricular areas.)
